

How do I get my child to play for free?

Starting with the Fall 2010 season for a coach to be eligible to register a player for free they will have to hold the license/certification for the age group they are coaching. (Rec only) Coaches can continue to coach (and we hope you will) even without the certifications but to register a player for free the courses must be completed.

- For the U6 age group the coach will have to satisfactorily complete the U6 coaching module or the USSF "G" course offered in GA or the NSCAA State Diploma course.
- For the U8 age group the coach will have to satisfactorily complete the U8 coaching module or the USSF "G" course offered in GA or the NSCAA State Diploma course.
- For the U10 age group the coach will have to satisfactorily complete the U10 coaching module or the USSF "F" course or the NSCAA State Diploma course.
- For the U12 age group the coach will have to satisfactorily complete the USSF "F" course or the NSCAA Regional Diploma course.
- For the U14 age group the coach will have to satisfactorily complete the USSF "E" course or the NSCAA Regional Diploma course.
- For the U16 age group the coach will have to satisfactorily complete the USSF "E" course or the NSCAA Regional Diploma course.

Everyone is encouraged to continue your coaching education. For the coaches that are looking to advance to the select level it is recommended that at the U13 and up age level you should hold a USSF "D" license.

We at Amelia Island Youth Soccer are dedicated to improving the skills of the players and the knowledge of the coaches. We will pay your registration fee if you satisfactorily complete your course and coach for one season. What a Deal!!!

If you have any questions or need help finding a course please contact the Director of Coaching, Mike Goodman at aiydoc@aiysoccer.com
